Jotai

## WORK EXPERIENCE

### Bluepi Consulting - Engineer

October 2023 – Present

- Developed web applications POC using Next JS, React JS, Redux, Unit Testing.

### Oodles Technologies - Full Stack Developer

March 2022 – September 2023

- Developed and maintained web applications using Angular, React JS, JavaScript, Node JS, MongoDB, and Express JS.
- Utilized React Native and Redux for mobile application development.
- Recognized as the star of the quarter for outstanding contributions to project deliveries

### Meander Software - Angular Developer (Intern)

September 2021 – March 2022

- Developed and maintained web applications using Angular.

## EDUCATION

### Indira Gandhi National Open University (IGNOU)

Master of Computer Application (MCA)

July 2023 - Pursuing

### Indira Gandhi National Open University (IGNOU)

Bachelor of Computer Application (BCA)

July 2016 – July 2022

## PROJECTS

### Jabburr App

- Jabburr is an innovative social media application
- Developed using React Native and Redux
- Aimed at connecting users worldwide through seamless communication, collaboration, product store, and content sharing
- Built with a user-centric approach
- Provides a dynamic platform for individuals to express themselves
- Engage with diverse communities
- Stay connected with friends, family, and colleagues

<https://apps.apple.com/us/app/jabburr-social-media-super-app/id1639059394>

### **Heartbeat (KRB)**

- Heartbeat is a comprehensive web application
- Developed using React.js
- Designed specifically for In Vitro Fertilization (IVF) clinic settings
- Streamlines operations and enhances efficiency
- Focuses on patient record management
- Includes inventory tracking of medicines
- Allows scheduling of doctor availability
- Facilitates staff management
- Provides a centralized platform for seamless clinic operations

### **Bedtime Story AI**

- Bedtime Story AI is an innovative mobile application
- Developed for children using React Native and Node.js
- Integrated with ChatGPT and DreamStudio
- Offers a unique experience for users to create captivating stories using images
- Allows users to select from a range of predefined prompts
- Features an intuitive interface
- Employs advanced AI capabilities
- Provides an interactive and engaging platform for storytelling enthusiasts of all ages
